**GIVE US SOME SPACE**
Make sure PAX gets enough space.
Use the X in PAX to guarantee it has the right amount of space.

**MAINTAINING OUR SHAPE**
Never alter, rotate, or embellish the proportions of PAX. When resizing make sure to hold down “shift” to keep PAX the same fabulous aspect ratio.

**COLOR**
You may not alter PAX in any manner, including changing the color of PAX, or adding or removing any elements from PAX.

**PAX YELLOW**
- HEX: #f4b223
- CMYK: 3, 32, 98, 0
- RGB: 244, 178, 35
- PANTONE: 7409 C
Use PAX in ways that make it stand out and still keeps its style.

DO Use a white version of PAX on images.

DO Use a black version of PAX on light backgrounds and a white version of PAX on a dark background.

DO Display PAX at the same size as other icons when lining up logos.
PAX likes to keep it real simple and doesn't need extra effects or alterations to stand out.

**DON'T**

- Add a stroke to PAX.
- Add any text on top of PAX.
- Add any kind of glow effect to PAX.
- Clip an image with the shape of PAX.
- Add a shadow effect to PAX.
- Put a color version of PAX on an image.
- Change the color of PAX to anything, but its designated colors.
- Put PAX on a color background unless you’re using a black or white version of our logo.
- Add any text on top of PAX.
